## Retro decoration

*This special decoration technique is particularly suitable for rough and simple decorative elements, giving the design a distinctive retro look.*

- The decoration is applied before the glaze is added, making it dishwasher safe.
- Decoration as a deep relief in retro style
- Single-color black

## Customized appearance through decoration!

Would you like to bring out the 'special' quality in your drinking vessels, even in smaller quantities? Do you prefer highquality glassware but want to keep things exciting? Exquisite decorations and coatings can also create a sense of exclusivity. We're happy to offer our expertise and guidance.
